## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 10-18 are allowed over prior art of record.

### ***Reason for Allowance***

2. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach “wherein the upper lead frame has a first die pad, a first plurality of leads arranged around the first die pad, a first interval defined between the first die pad and the first plurality of leads, and a first plurality of gaps each is defined by an adjacent two of the first plurality of leads and is communicated with the first interval; the lower lead frame has a second die pad, a second plurality of leads arranged around the second die pad, a second interval defined between the second die pad and the second plurality of leads, and a second plurality of gaps, each of the second plurality of gaps is defined by an adjacent two of the second plurality of leads and is communicated with the second interval, wherein when the upper lead frame and the lower lead frame are compressed together, the first interval, the second interval, the first and the second plurality of gaps are communicated with each other for receiving an isolating resin,” as recite in claim 10.

### ***Conclusion***

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
